

Unity in the Midst of Adversity: TESDA Misamis Occidental with its Registered TVI's take their part in helping the Frontliners on the battle against COVID 19

The outbreak of Coronavirus disease has created a global health crisis that has had a deep impact on the way we perceive our daily life. It is not only considered as a health crisis but also an economic, social and security crisis weaved into one.

During these challenging times our country is facing, unity and cooperation are the important medicines to fight on the battle against Covid-19. While the others are called to stay home, others are also called to serve and enter the battlefield with the virus daily. We call them the “frontliners”.

As a way of helping these people who bravely face the pandemic everyday because they are called for service, TESDA Misamis Occidental under the leadership of Acting Provincial Director Austolio V. Igot together with the TVIs of the Province went hand in hand to provide the needs of these frontliners such as the need for medical supplies and equipments to keep them safe while serving those who need them. Food packs were also distributed to the checkpoint of cities and municipalities of Misamis Occidental especially those security personnel, the PNP and AFP members.

Below is the summary of distributions made by partner TTIs and TVIs:
